

# START YOUR EXCHANGE

A reliable solution for businesses and startups.

-  Trading platform
-  CRM
-  Copy Trading
-  Cryptocurrency wallets
-  Secure IT architecture

## What's In There

### Trading platform

The trading platform to increase conversions and an average check of your clients. The platform is popular with both beginners and experienced traders.

### CRM

CRM is designed specifically for the Exchange business and is easily customizable to your business processes. It is fully integrated with the trading platform.

### Cryptocurrency wallet

Each user is assigned a personal cryptocurrency wallet. When a user makes a crypto deposit, the deposit is automatically converted to the account currency at the exchange rate.
